Committee Members:

1. Atkins, Stephen, ASAP
2. Smith, Kerri-Ann, Academic Literacy
3. Riegel, Kimberly, Physics
4. Klein, Jennifer, Student Affairs
5. Sasa, Randelle, Nursing
6. Sporer, Celia, English

- . During our monthly student activities meeting (4/10/2019) we invited Victor Fichera to go over the results of the student activities survey. Since the survey was conducted, communication regarding student activities with the students has changed significantly. The committee agreed to reissue the survey in the fall to determine if the results have changed since the change in communication.
- . The student activities invited Dean Michael Pullin to attend the meeting to discuss the issues of student activities and the communication between them and the academics to better facilitate events on campus. It was suggested that a coordination meeting should be started to help provide less but more impactful events on campus during club hours.
