Dr. Shannon Kincaid, Social Sciences  
Dr. Urszula Golebiewska, Biological Sciences and Geology  
Prof. Reuvain Zahavy, Mathematics and Computer Science

Candidate Statements (1 submitted):

1. Dr. Beth Counihan, English

Dear Colleagues-

I ask that you please vote to re-appoint me to represent Queensborough as a member of the CCRC that evaluates courses in English Composition, Creative Expression, Individual and Society, World Cultures and Global Issues, and/or U.S. Experience in its Diversity. I have been a member of our English department since Fall 2001 and a member of the CCRC since 2013.

I have advised our Queensborough colleagues from History, Speech and Theater, Foreign Languages and Social Sciences as they have prepared their applications for CCRC approval. As a long-serving member of this university-wide committee, I bring institutional memory and attention to the academic rigor of how student learning outcomes are met.

I hope that you will choose to vote for me to again to represent Queensborough on the CCRC. Thank you for your consideration and I hope you, your families, your students and their families are safe and sound,

Beth Counihan  
Associate Professor and Deputy Co-Chair, Department of English
