Philip Pecorino, who was CC'd in the response from Emily, informed Kathleen that the Senate approved to remove nonexistent publications from the Bylaws last year. 7. Kathleen will also ask Mohammed Javdan to contact Dave Moretti for tips on designing the most effective faculty websites.
8. Looking forward, the committee will work on determining the best department website award as the committee's spring project. The evaluations will take place shortly after the Cascade workshop when faculty has had an opportunity to update or improve their respective websites.
