**Points Discussed:**

This meeting was spent discussing and editing the comments and additions that Dr. Phil Pecorino, Dr. Paul Weiss, and Alex Tarasco compiled for inclusion in the Faculty Handbook. We carefully considered all points and incorporated those we felt addressed the needs of the faculty. There was much discussion among the participants about the tone, and the purpose of the Faculty Handbook. Comments and additions were in some cases omitted, and in other cases were adopted with editing and rewording.

Respectfully Submitted,  
Eugene E. Harris
