Points Discussed:

This meeting was a continuation of a meeting started on March 19th. We spent the meeting discussing and editing the comments and additions that Dr. Phil Pecorino, Dr. Paul Weiss, and Alex Tarasco compiled for inclusion in the Faculty Handbook. We carefully considered all points and incorporated those we felt addressed the needs of the faculty. There was much discussion among the participants about the tone, and the purpose of the Faculty Handbook. Comments and additions were in some cases omitted, and in other cases were adopted with editing and rewording. By the end of the meeting, we were able to carefully consider all comments/additions suggested by the individuals referred to above. It was also agreed that we would include the QCC Governance Plan as an Appendix to the Handbook.

Respectfully Submitted,
Eugene E. Harris
