QUEENSBOROUGH COMMUNITY COLLEGE
Publications Committee (2008-2009)

Date: May 28, 2009
Site: ACC L-117
Time: 9:30AM
Persons in Attendance: Present: Ruth Griggs-Fontana, Eugene Harris
(Chair), Jose Madrigal, Arthur Corradetti, David Moretti, Liza
Larios, Sangeeta Noel,

This meeting was held in order to explain our plans to Faculty
and Staff (Liza Larious and Sangeeta Noel) and to get their
perspectives in terms of implementing faculty profiles on
departamental websites. There seems to be interest from all
participants that this is needed and that action should be taken
to create a system whereby information can be presented on the
websites. The main issue that arose for discussion at this
meeting was that the faculty information we would like to access
is maintained in a database that is ne at CUNY, namely CUNY
First. The CUNY First system is dues to become functioning on
June 19th 2009. Once this is in place faculty information in this
database will become available for a web-based system that
builds faculty profiles on departamental websites. It was
decided that early in the Fall of 2009 the Publications
Committee along with the administrative departments (Faculty and
Staff, Academic Affairs, Marketing, Academic Computing) will
again sit down and start the verifying which information they
want to draw from CUNY First for the departmental websites.

Eugene Harris, Chair
